

DATA CENTER INFRASTRUCTURE CERTIFICATION

LEARN TO CONFIGURE, INITIALIZE AND MIGRATE TO SC//PLATFORM

The Data Center Infrastructure Certification is the first module as part of our Scale Computing Certification Program. This program will enable our partners to be certified in multiple areas to recognize the skills and knowledge you’ve acquired to successfully deploy, manage, and optimize Scale Computing Platform.

The Data Center Infrastructure Certification is designed to provide partners with a knowledge transfer of general network configuration setup, remote installation of Scale Computing HyperCore deployment, Scale Computing Move migrations powered by Carbonite, and general troubleshooting steps. Partners will be trained to configure, initialize, and migrate to new SC//Platform solutions. This training is delivered in three parts and includes a final certification quiz for each module to set the partner up for successful deployments.

What’s Included?	Delivery	Details
<p>Network Configuration Training</p> <ul style="list-style-type: none"> • Environment review and SC//HyperCore network planning • Best practice overview and knowledge transfer of SC//HyperCore networking theory • General configuration training for basic switch setup 	Video	Language English Only Location: Online Partner Portal
<p>Remote Installation Training</p> <ul style="list-style-type: none"> • Environmental discovery and pre-installation planning • Remote IP configuration and initialization steps • General remote installation troubleshooting • Remote HyperCore UI system configuration and walkthrough tutorial 	Video	

What's Included?	Delivery	Details
<p>Migration Training</p> <ul style="list-style-type: none"> • Use and concepts of the Scale Computing Move powered by Carbonite migration solution • Steps for a successful failover/ migration of a guest instance • Training on the physical-to-virtual (P2V) or virtual-to-virtual (V2V) methodology • General troubleshooting and log-gathering steps 	Video	<p>Language: English Only</p> <p>Location: Online Partner Portal</p>
<p>Post Training</p> <ul style="list-style-type: none"> • Post-training quizzes after each module • Full certification when all quizzes are passed successfully 	Quiz
